

## 40205 Sprint Knit Lace

Work shoes designed like sneakers. Lightweight, durable and comfortable. Soft and flexible upper made of breathable knit fabric with padding around the ankle for extra support and increased comfort. The combination of rubber in the outsole and the innovative, extra soft foam, SoftStep, in the midsole ensures a light, flexible and durable shoe with excellent shock absorption. Bio-based PU insole with increased and long-lasting comfort. Metal-free and ESD-approved.
