MEASURE YOUR FAVORITE GARMENT

If you are unsure of which size to choose, measure your favorite garment at home and compare it with the measurements of the garment in the table above. Choose the size that matches best. Below you will find a description of how we measure our garments.

Keep in mind that even industrial sewing is a craft that is carried out in many steps, therefore there is always a tolerance for measurement deviations.

Measurements in centimeters	XXS	XS	S	M	L	XL	XXL	XXXL	4XL	5XL	XXSS	XSS	SS	MS	LS	XLS	XXLS	XXXLS	4XLS

HOW TO MEASURE

A: Sleeve length (cm)

Lay the garment flat. Measure from the shoulder to the end of the sleeve.

B: Chest (cm)

Lay the garment flat. Measure from armpit to armpit.

C: Inside leg (cm)

Lay the overall flat. Measure the inseam of the leg, from the crotch seam to the end of the trouser leg.
