

## CCB TROPICAL COVERALL CCB-0004CA

Yellow and navy blue summer coverall designed to ensure comfort and safety at all times while working.

This is flame retardant clothing that protects against many hazards.

This model has two upper and two lower pockets (access to the trouser legs from below), the upper pockets have loops for attaching keys or other accessories, at the back of the suit there are two sewn-on pockets covered with flaps, one tool pocket and one knee pocket.

For better functionality of the clothing, an additional pocket with Velcro fastening has been installed inside.

An additional advantage of this model is that it has knee pockets for placing knee pads (pocket fastened with Velcro).

The suit is fastened with a zipper covered with an outer pleat for greater safety.

The clothing is made of high-quality flame-retardant fabrics confirmed by the OEKO-TEX certificate, resistant to damage, and at the same time low grammage, which guarantees us the ability to work even on hot days.
