

FLAME RETARDANT HELMET COVER

FR.FL.HJGREEN

Enhance your visibility with this yellow helmet cover, designed to keep you safer in traffic. The cover features a prominent reflective stripe in the middle, increasing visibility in the dark or low-light conditions.

The thin material makes it lightweight and comfortable to use – you'll hardly notice it's there. The elastic edge ensures a snug fit and makes it easy to put on and take off, no matter what type of helmet you use.
