

ELECTRO+

CLARITY & VERSATILITY

ELECTRO+ is designed for professional welders who demand superior performance, unmatched visibility, and ergonomic comfort. This advanced helmet features an extra-wide True Color auto-darkening filter with protection up to shade 14, delivering maximum eye protection across all welding processes. With an optical clarity rating of 1/1/1/1, ELECTRO+ ensures a distortion-free, high-contrast view for precise work with reduced eye strain. Its external control panel with memory function allows for quick access to your preferred settings, enhancing efficiency without the need to remove the helmet. The helmet is equipped with a 5-point premium headgear system, offering secure, balanced, and fully adjustable support. ELECTRO+ combines a panoramic field of vision, intelligent controls, and premium ergonomics.

CLEANING & STORAGE

CLEANING: The lenses should be cleaned regularly. Bollé Safety recommends only using the B-clean lens cleaning system.**MAINTENANCE:** Pitted, scratched or damaged lenses must be replaced by replacing the complete product. If the frame is damaged also replace the complete product. After each use it is recommended to keep the glasses or goggles in a microfiber pouch or rigid case.**STORAGE:** All products must be stored in a dry and clean environment.
